

Emma Croft
Hair & Makeup Artist
Music Resume

I am a Los Angeles-based Hair & Makeup Artist working across music, film, fashion and live performance, known for creating elevated, character-driven beauty and transformative visual identities. Originally from London and trained in all areas of hair, makeup, wigs and makeup FX, my work blends cinematic storytelling with a refined editorial sensibility.

Over the past decade, I have collaborated with some of the industry's most influential musicians and creatives, contributing to music videos, tour visuals, live performances and campaigns for artists including Chappell Roan, Bad Bunny, The Weeknd, Fall Out Boy, Paramore, Mitski, Ashe, Bishop Briggs, FINNEAS and Years & Years. My work spans everything from polished celebrity grooming and avant-garde beauty to complex wigs, prosthetics and period character transformations.

My work has been recognised internationally, winning Best Styling in a Music Video at the UK Music Video Awards for Years & Years' "If You're Over Me," following a nomination the previous year for "Tyburn Jig," a large-scale period transformation project involving wigs, prosthetics and multi-character makeup design. Alongside music, I have headed hair and makeup departments on award-winning television productions and worked with brands including Gucci, Stella McCartney and Rag & Bone, bringing a distinctly cinematic and fashion-forward approach to every project.
